

Paying by Credit Card or Debit Card

Please fill in the instruction below and include it with your passport application.

If you do not write the correct fee in the instruction, we will still charge the correct fee for the service you have asked for. Your application will be delayed if your credit card or debit card has run out or you do not give your card's expiry date, or the security number (the last three numbers shown on your card's signature strip). A separate credit card instruction should accompany **each** application.
